

Fuel Systems

Fuel tank systems

Fuel tank 12 litres capacity

17500-ZV4-A23

- Plastic material, large filling inlet, including float gauge and quick disconnect line

Application as from BF5 up to BF225

Fuel tank 25 litres capacity

17500-ZV5-910

- Plastic material, large filling inlet, including float gauge and quick disconnect line

Application as from BF5 up to BF225

Fuel tank (intended for unleaded fuel only)

06175-881-C41ZA

- 13 litres capacity, steel material, small filling inlet, including float gauge, quick disconnect line, tool kit and oil bottle

Application as from BF4,5 up to BF15

Fuel Systems

Fuel line

Fuel line

17700-881-C03ZA

- Including all fitting and primer bulb

Application as from BF4,5 up to BF8

Fuel line

17700-ZW9-020

- Including all fitting and primer bulb

Application as from BF8up to BF20

Fuel line

04101-ZW9-000

- Including all fitting and primer bulb

Application as from BF10 up to BF130

Fuel line

17700-ZY3-010

- Including all fitting and primer bulb

Application as from BF150 up to BF225

Fuel Systems

Fuel water separator

Fuel filter/water separator

06176-ZW3-801AH

- With capacity of 25 GPH (94 litres/hour)
- Complete assembly of fuel filter and fuel/water separator

Application as from BF4,5 up to BF225

Fuel filter/water separator

06178-ZW1-030AH

- With capacity of 30 GPH (113 litres/hour)
- Complete assembly of fuel filter and fuel/water separator

Application as from BF4,5 up to BF225

Fuel filter/water separator

06177-ZW1-801AH

- With capacity of 60 GPH (227 litres/hour)
- Complete assembly of fuel filter and fuel/water separator

Application as from BF75 up to BF225

Replacement cartridge filter

17670-ZW3-801AH

- For 25 GPH fuel filter/water separator

Application as from BF4,5 up to BF225

Fuel Systems

Fuel water separator

■ Replacement cartridge filter

17670-ZW1-030GH

- For 30 GPH fuel filter/water separator

Application as from BF4,5 up to BF225

■ Replacement cartridge filter

17670-ZW1-801AH

- For 60 GPH fuel filter/water separator

Application as from BF75 up to BF225
